## Meet Joel Flewellen

13-year-old Joel Flewellen has found a passion for a new sport, thanks to an Activity Fund grant from the Halberg Foundation.

The Whitby local is a lower left arm amputee. In the past, this caused Joel to back out of new sports and activities as he didn't feel confident and didn't want to stand out as different amongst his peers.

In 2018 Joel attended the Halberg Games and tried out golf for the very first time. He had an amazing experience and came away with the award for most promising golfer.

With the support of the Halberg Foundation, in February 2019 Joel received golf coaching lessons, for him to continue with his new sport.

Joel is enjoying the lessons and gaining more confidence. He says "I have a good coach and he makes me laugh. I feel I can do anything."
